PROFESSIONAL EXPERIENCE

GLIMERE   **Akure, Ondo State**
Frontend Engineer   **2023-Present**
- Developed comprehensive UI implementation for client-facing applications, enhancing design consistency across 3+ projects.
- Optimized 3D and image assets on client application, reducing load time by 20% and increasing overall user engagement
- Conducted thorough testing of new features, reducing bug reports by half and ensuring a smoother user experience.
- Implemented a Node.js server with MongoDB for both client and admin applications, supporting the major online presence.
- Utilized Git for version control, improving code collaboration and deployment efficiency within a 10-member team.

HNG   **Akure, Ondo State**
Frontend Developer Intern   **2024**
- Implemented reusable components for boilerplate project, ensuring consistency across projects and speeding up the development process by 30%.
- Developed an interactive and user-friendly interface for a link-sharing application (Devlinks), which showed an increasing user engagement after creation.
- Contributed to the development of Language Learning AI 3D Game (Delve)

Project Experience
- Designed and implemented user interfaces for the core game, enhancing user engagement and satisfaction, leading to a 40% increase in daily active users.
- Developed and optimized the admin interface for quest creation and management, reducing admin task time and improving overall efficiency.
- Collaborated with a cross-functional team of 15 members, contributing to a cohesive design and development process, resulting in a 30% faster project completion rate.
- Identified and fixed over 200 UI-related bugs, improving the stability and performance of the application, and reducing user-reported issues

CORE OUTREACH SERVICES (CORS)   **(Remote) Dallas, Texas**
Frontend Developer   **2022-2023**
- Provided ongoing maintenance for 8+ deployed projects, ensuring continuous performance and user satisfaction.
- Identified and resolved browser compatibility issues, increasing cross-device usability
- Translated flat design files into clean, accessible, and interactive user interfaces, improving user engagement metrics by 15%.

JDLAB   **Niger, Minna**
Frontend Developer   **2021-2023**
- Optimized website performance, reducing page load time through efficient AJAX requests and resource management.
- Collaborated with back-end developers to seamlessly integrate API calls, enhancing data flow and user interaction.
- Enhanced state management for the entire application, resulting in increase in development efficiency and smoother user flow.
- Implemented payment integration for students and applicants, generating a 30% increase in total revenue in the first year.

SKILLS SUMMARY

Languages:	JavaScript, TypeScript
Frameworks and Libraries:	ReactJS, NextJS, AngularJS, Vue.js, Node.js, Express, Redux, Redux Toolkit, Tailwind CSS, Sass, Styled Components
Testing:	Jest, Enzyme
Tools:	Git, Figma, Illustrator
Platforms:	AWS, MongoDB
Soft Skills:	Problem-Solving, Team Collaboration, Adaptability, Attention to detail

EDUCATION

FEDERAL UNIVERSITY OF OYE EKITI   **Ekiti, Nigeria**
Bachelor of Arts, Major in linguistics; Minor in Computational Linguistics   **2016-2021**

CERTIFICATION

HNG FINALIST CERTIFICATION | LINK   **2024**
HNG INTERNSHIP; Frontend Development

CERTIFICATE OF PROFICENCY | LINK   **2024**
HNG INTERNSHIP; Frontend Development

CERTIFICATE OF GRADUATION | LINK   **2021**
GDSC FUOYE; Frontend Development
